

METHOD
COMFORT ON THE HIGH SEAS

METHOD

A shared passion for sailing and boats gave birth to Method Marine.
Located in the beautiful city of Cape Town in South Africa.

COMFORT ON THE HIGH SEAS 

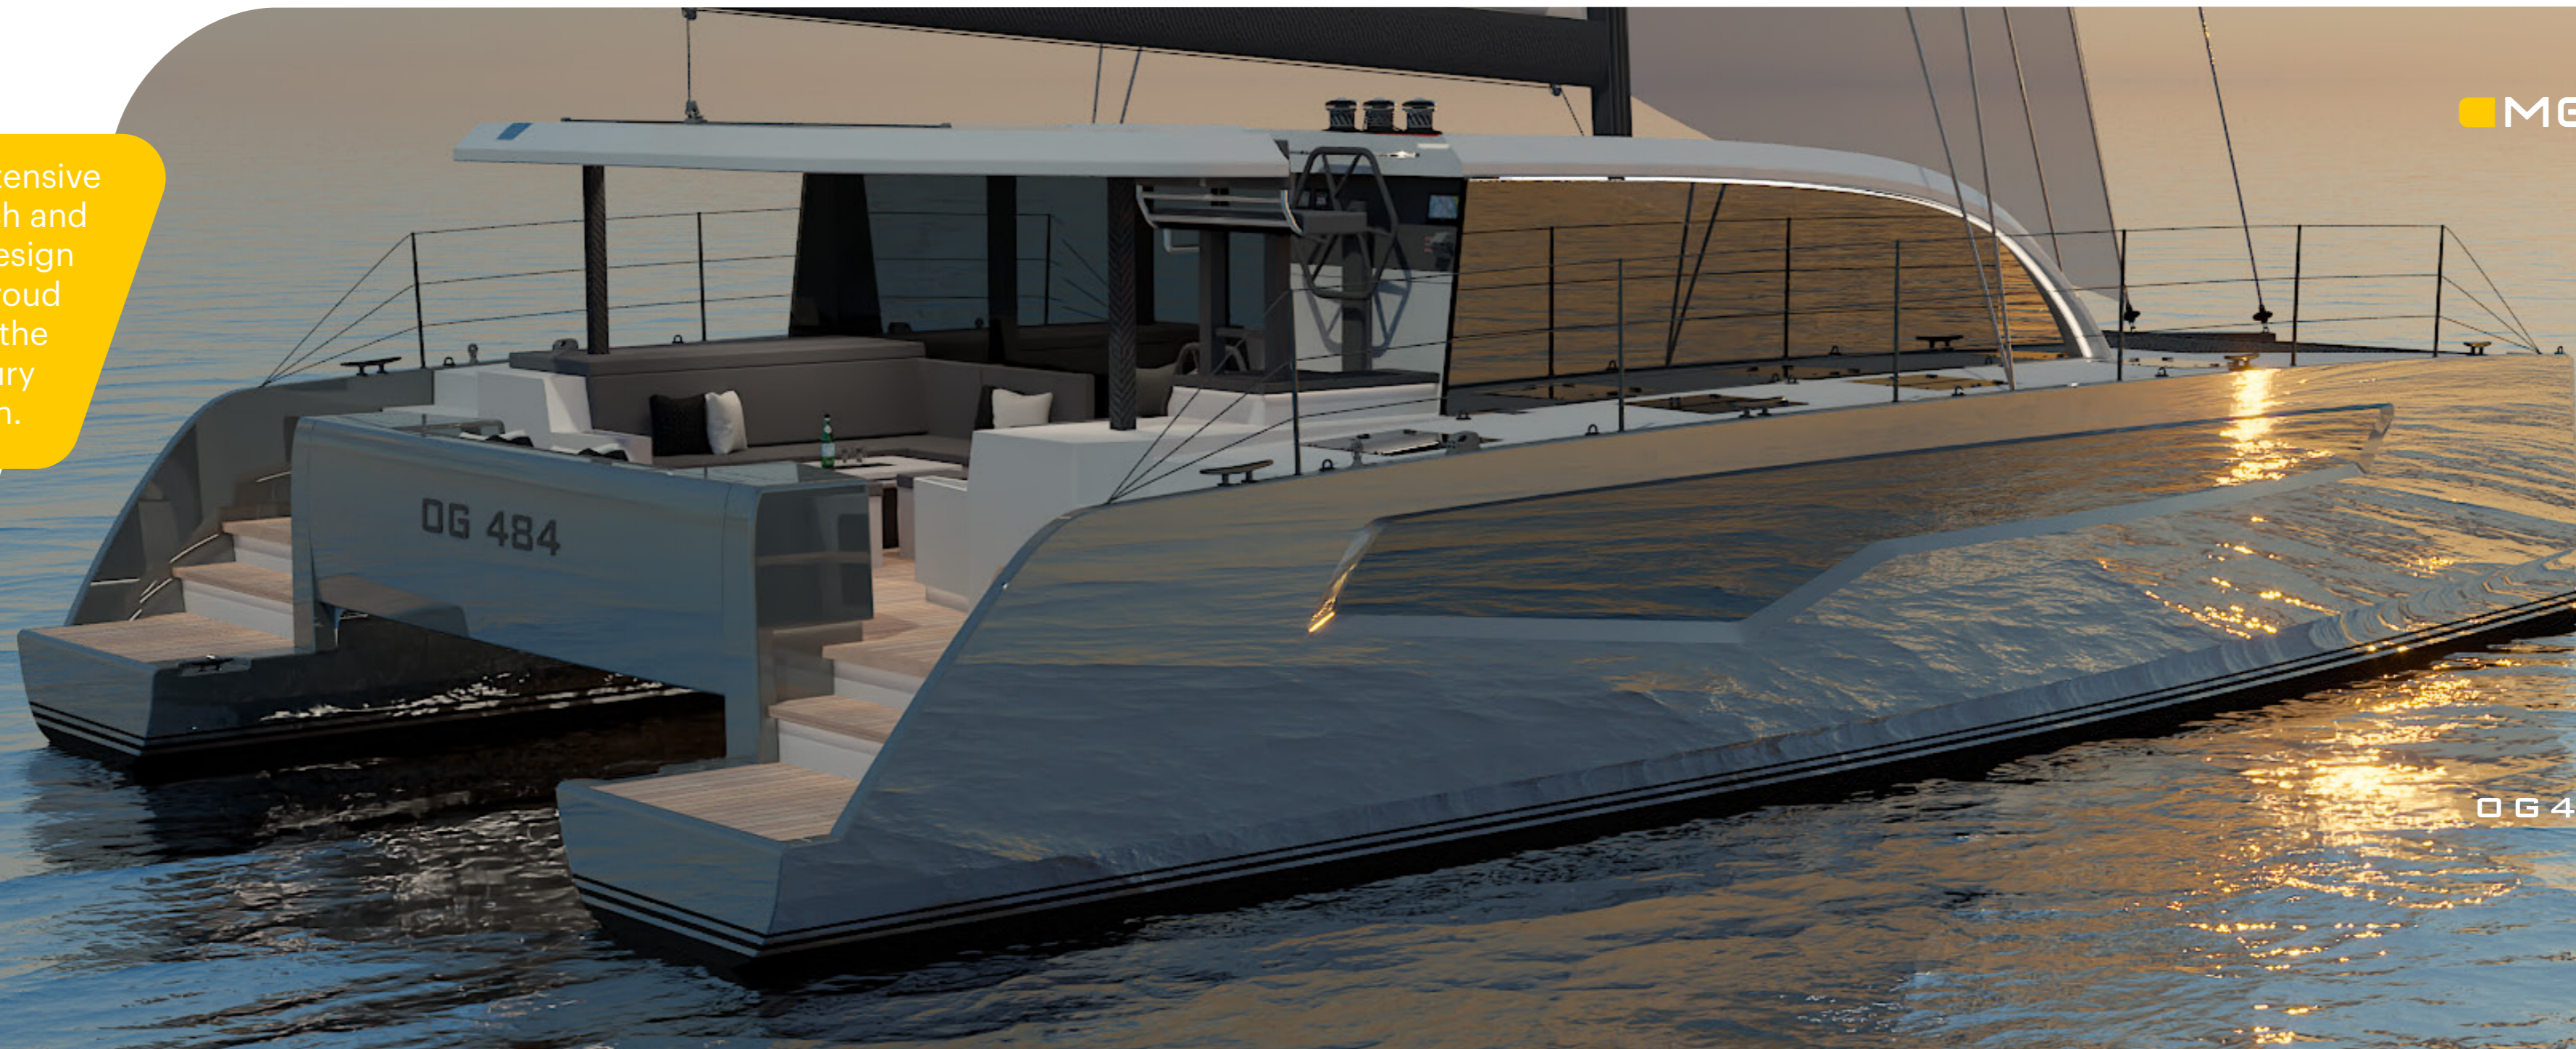

COMFORT ON THE HIGH SEAS

METHOD

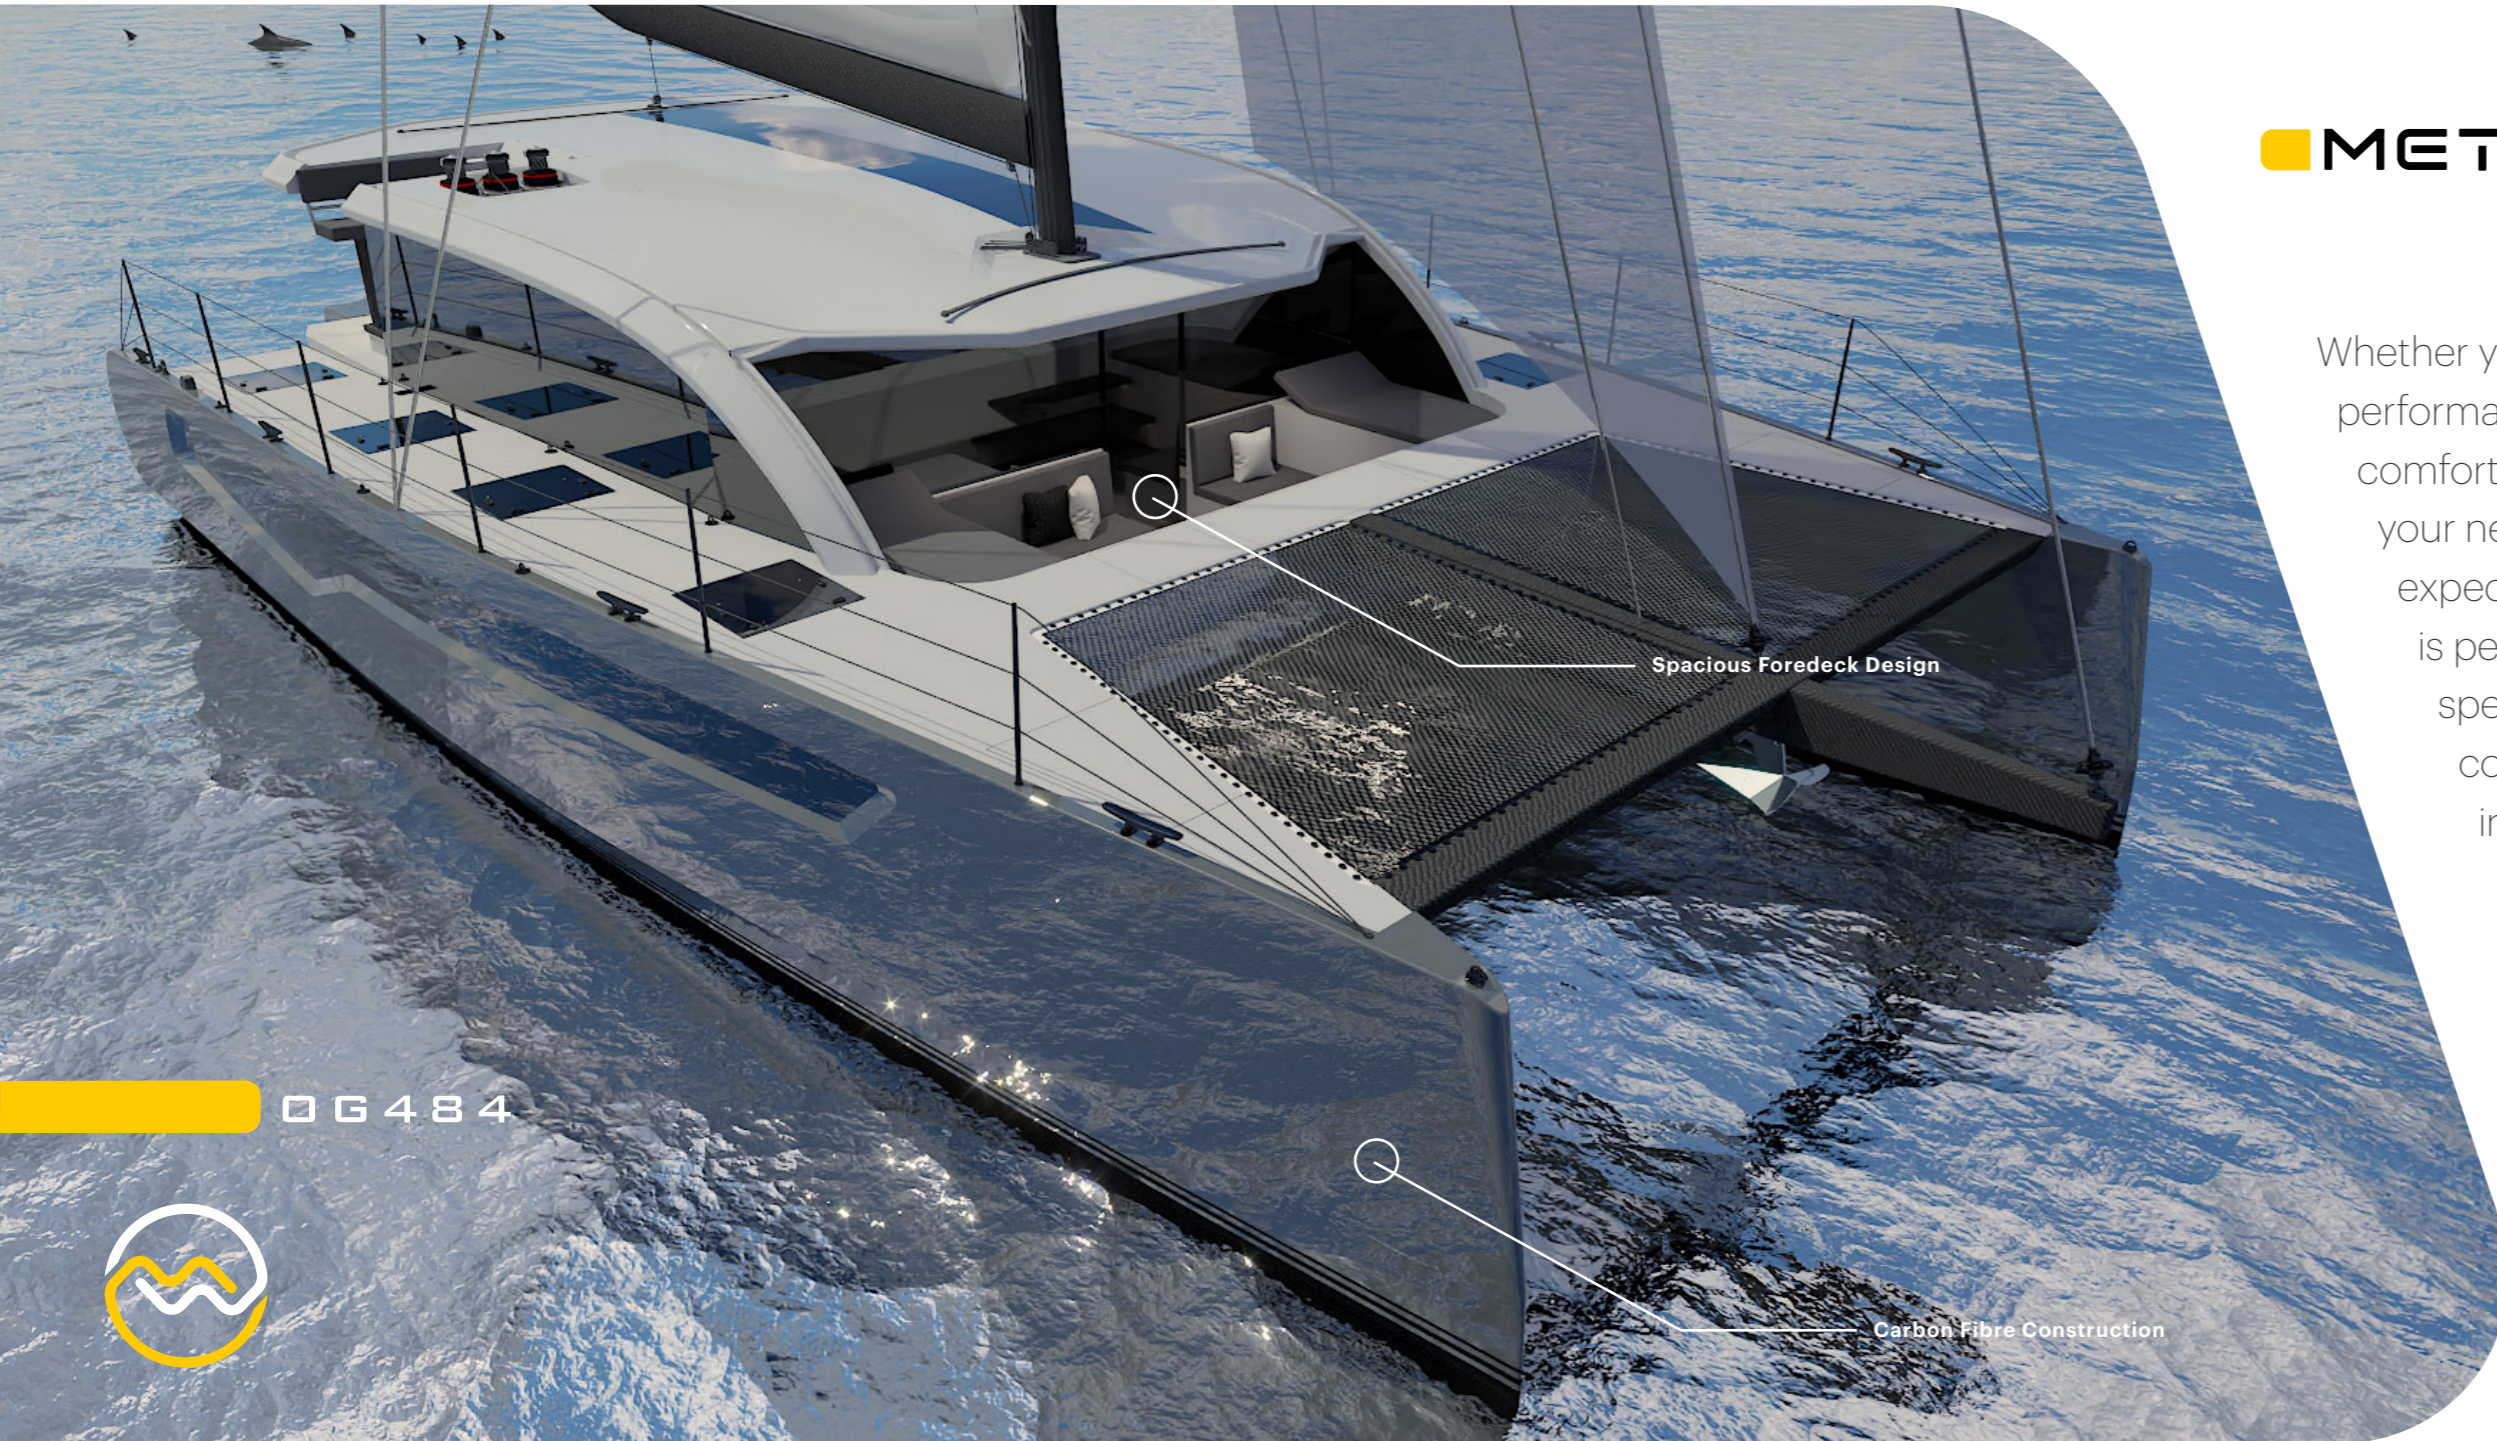

Method's goal and philosophy is to realise each client's dream and to exceed their expectations. This mission forms the foundation of our vision to become one of the preferred elite boat builders in our class globally.

After extensive research and in-depth design work, we are proud to present the OG484 luxury catamaran.

OG 484

METHOD

Whether you are looking for performance or just cruising in comfort, the OG484 will meet your needs and exceed your expectations. The luxury interior is personalised to the client's specifications, through a consultative process that incorporates our professional knowledge and the client's personal tastes. This allows the catamaran creation process to be very flexible, and generates the opportunity for the client to create their very own unique sailing vessel.

OG 484

Carbon Fibre Construction

Expansive Skylights

Ergonomic Carbon Fiber Helm

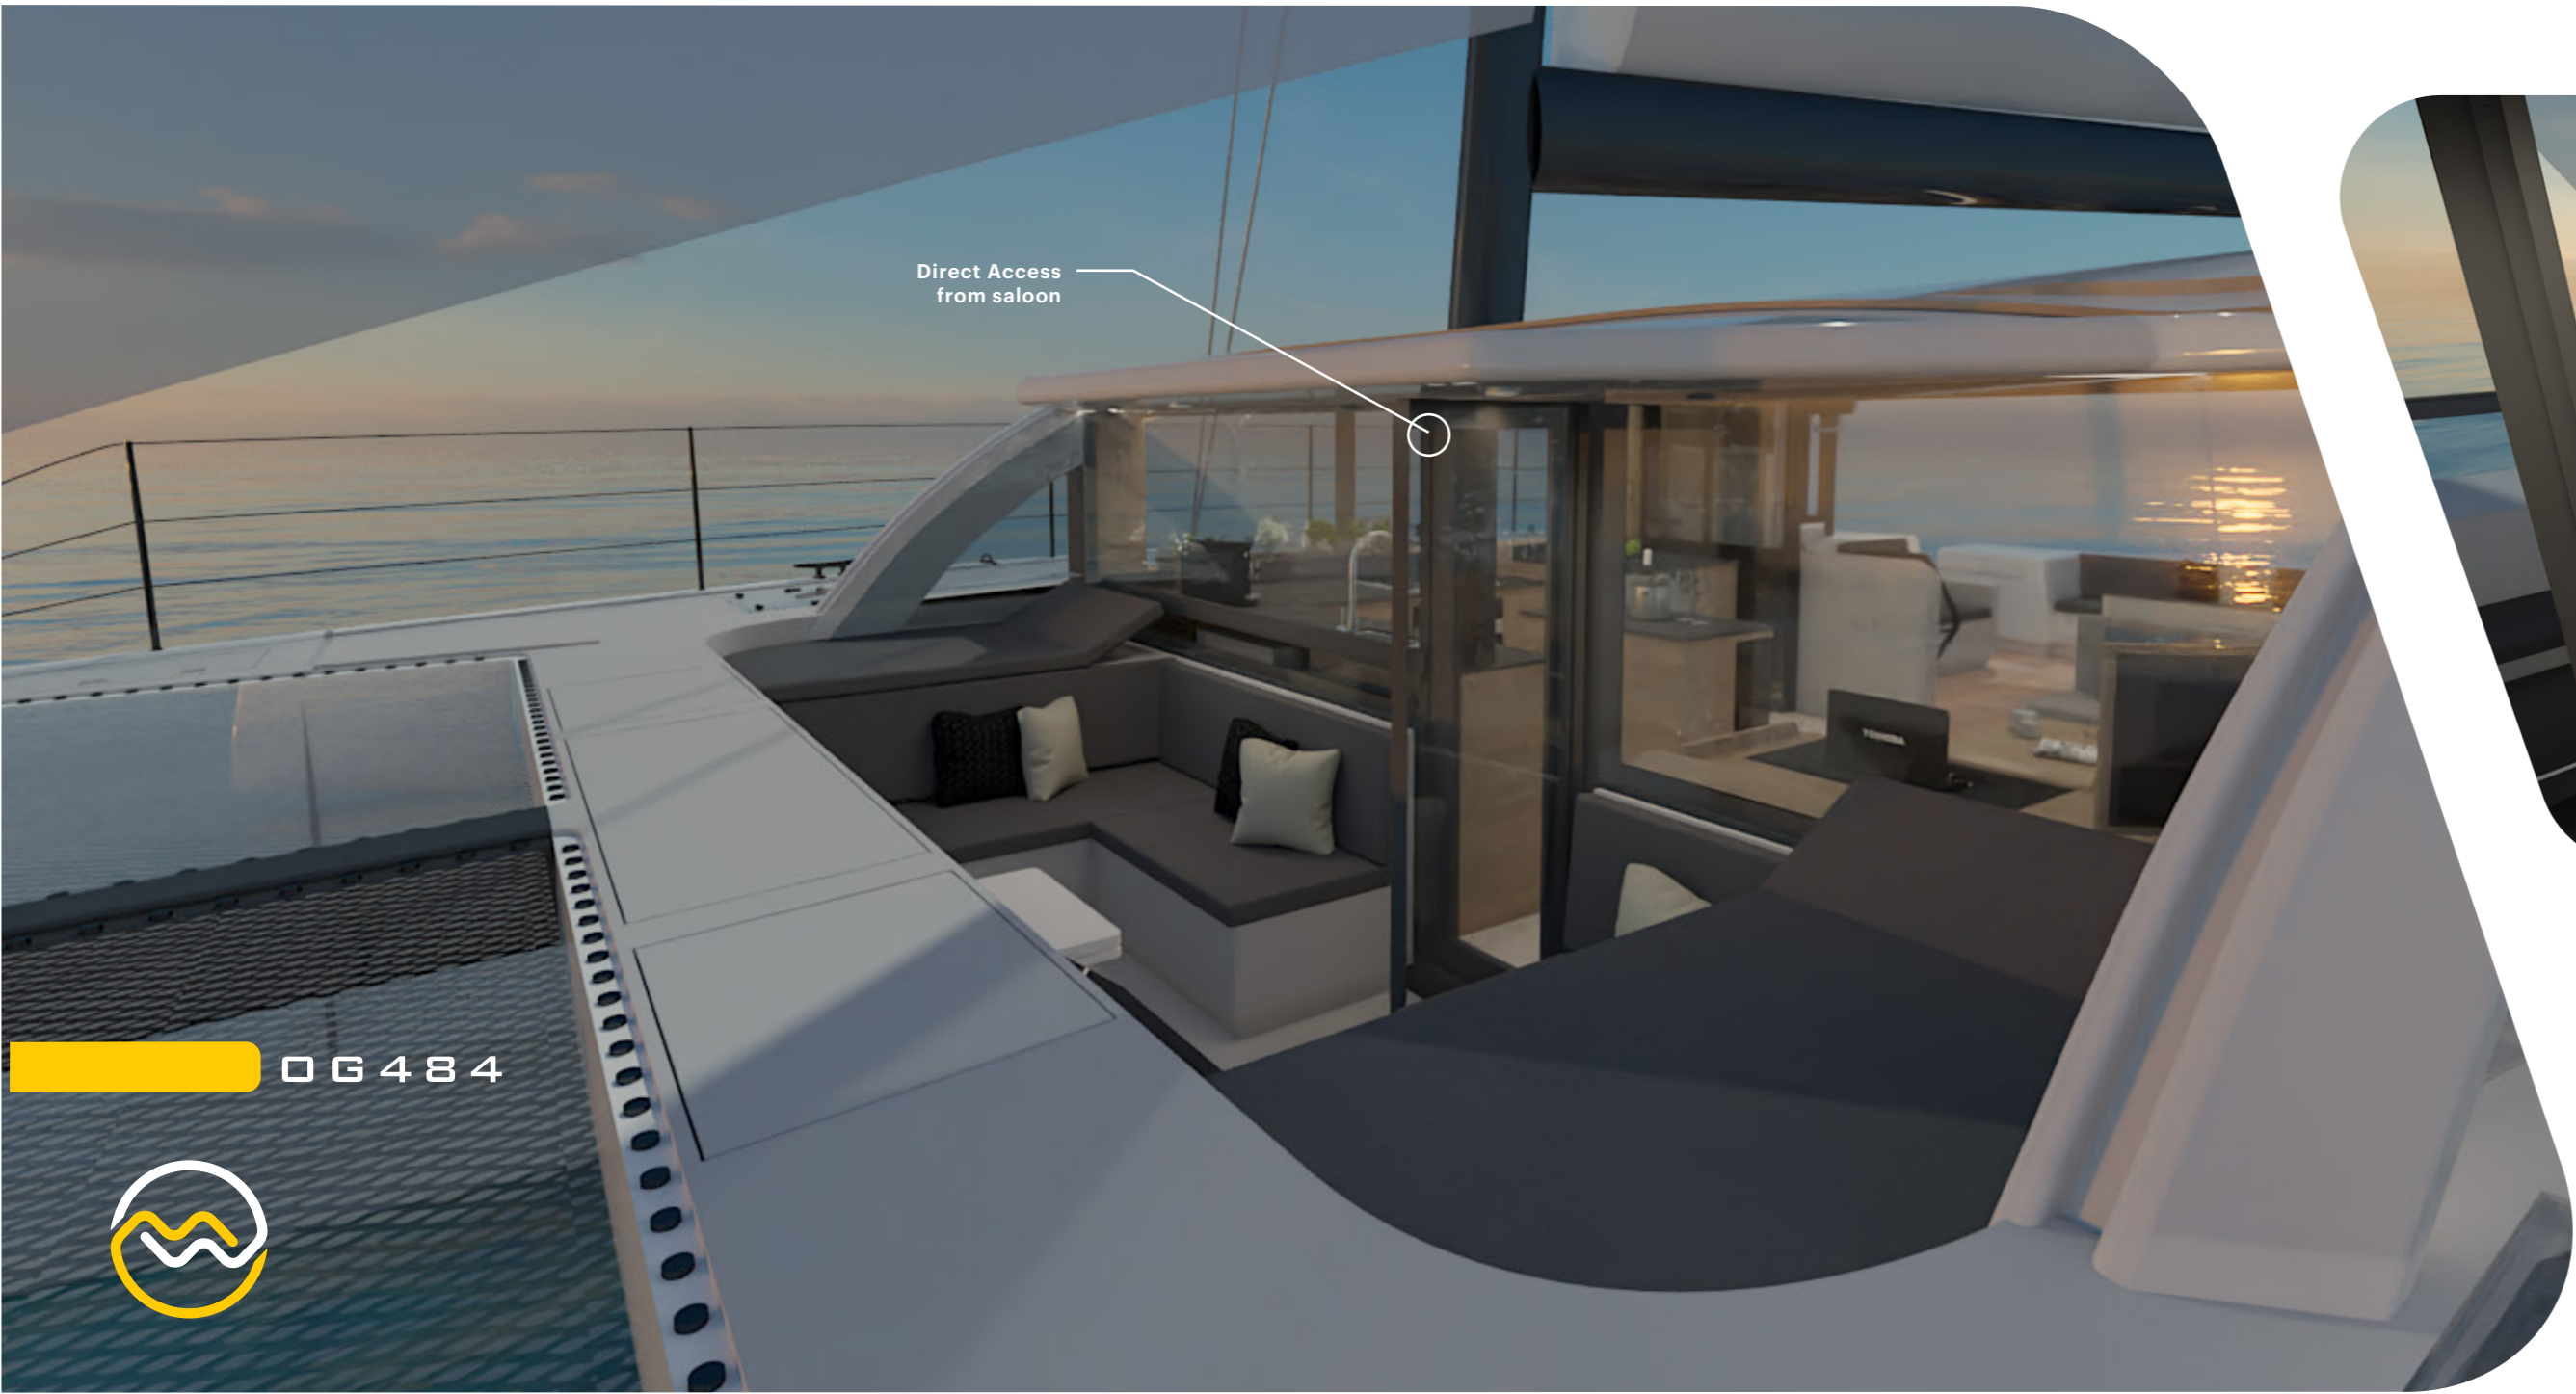

OG484

METHOD

When looking at the OG484's interior, it's apparent that priority has been given to the sailing experience of having a 360° view from within the saloon/galley. Our experienced team of carpenters go the extra mile to make sure that everything is not just aesthetically pleasing, but moreover, high quality with functional ergonomics. Light is crucial in all Method Catamaran designs. Not only is the natural light enhanced in the interior by skylights, but also offers spectacular views from above.

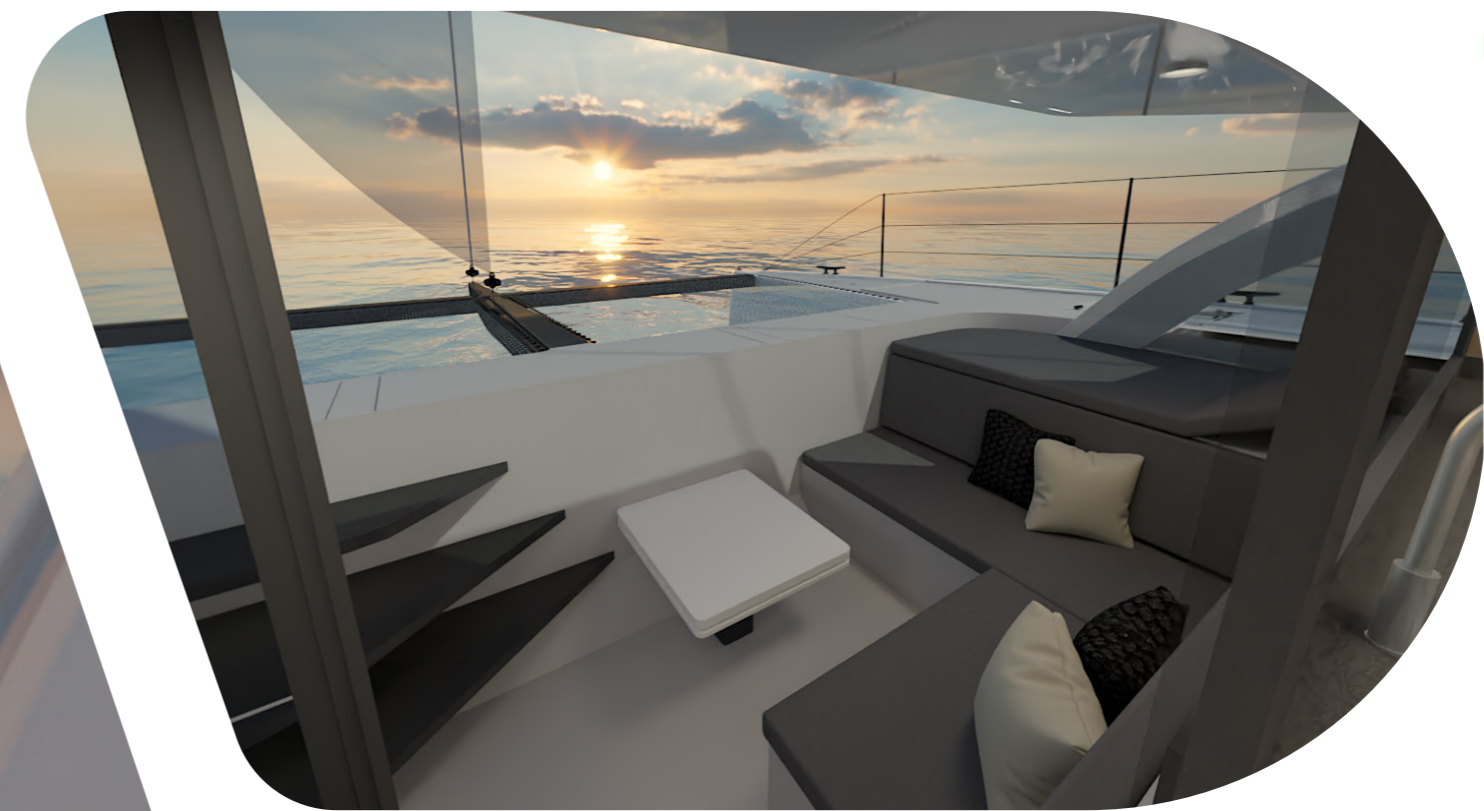

Direct Access
from saloon

OG484

METHOD

Beautiful open plan layouts can be enjoyed from the foredeck lounge, accessed directly from the saloon. The lounge on the OG484 includes a seating area, a sunbed, and a table. The perfect place to start your day or to end it, while enjoying sundowners with friends and family.

Large Sliding Doors
Connecting Galley
with Aft Deck

FEATURES INCLUDE:

- Foam core panels (lightweight)
- Alpi veneer (sustainable)
- LED strip lights and downlights
- Generous amount of storage throughout the boat
- Top-of-the-line galley appliances
- Memory foam mattresses and sofa cushions.

The essence of every Method Catamaran interior design will always be about people and how they live in it. It is about the realities of what makes for an attractive, ergonomic, quality and meaningful environment.

06484

METHOD

The OG484 comes standard with a very generous coach roof, with pull-down blinds for those wintry or blustery days out at sea.

The more options the client has, the more the boat will feel like their home. From as early as the first presentation and renders, you personalise your environment.

The Method Catamaran living area is not just a space; it's a feeling. The sofa is the cornerstone of a cosy living area. This Method design concept makes something intelligible and memorable in the living area.

OG484

Ample Storage

The truth is that luxury is very much personal, to challenge your idea of luxury, we carefully curate lists of your favourite luxuries to both inspire and stimulate your creativity and personalisation. In every Method Catamaran Luxury is attention to detail, originality, exclusivity and above all quality.

Ample Storage

Queen Size Bunk

Day Bed

06484

Large Rain-Shower

METHOD

Whether you are bathing in the spacious rain shower or simply getting ready for a day with your friends and family. You will be comfortable and find ample space to store everything on the OG484 – even a place to hang out and relax by yourself.
